WHAT IS THE FREER FUTURE FESTIVAL?

FFF (formerly LibertyCon) is an annual international conference hosted by Students For Liberty. In 2007 a group of students held a roundtable to discuss how to effectively run pro-liberty organizations. That roundtable turned into a conference, and that conference led to the creation of Students For Liberty.

Today, that original conference has evolved into more than just a student gathering; it is now SFL's Freer Future Festival- an alliance of students, business leaders, scholars, professionals of all skill levels, and seasoned veterans all invested in ensuring a freer future.

Each year, LibertyCon traditionally attracted upwards of 2,000 people from around the world. Due to COVID-19, we've rebranded LibertyCon to the Freer Future Festival, and will be hosting the event in Nashville, Tennessee. FFF will be a full in-person event that maximizes SFL's traditional LibertyCon audience and expands on it with our new festival style approach.
